

Quadra Island Fall Fair

THE CONTRACT

How to win friends and influence people through doggie protocols at
Quadra Island Fall Fair

or

My dog is O.K. – Your dog is O.K.

We hope you and your dog(s) have fun in this year's pet events.

Please keep in mind that the Fall Fair **is** a large, busy, high stimulation event designed for humans. It is **not** a dog play area. Therefore, henceforth, forthwith and notwithstanding:

All dogs must be leashed and under control at all times.

Dogs must be kept well away from food vending outlets and from livestock for obvious reasons.

Use your doggie doo bags and give your pets frequent off grounds respite.

Remember, not everyone loves dogs. Some people are afraid of them. Be **especially attentive** around people with limited mobility, children and toddlers.

Social interaction: If your dog's friends come to the fair and want to make merry, please take your dogs off grounds to explore the trails. This also gives them time to de-stress.

There will be **NO MARKING on Fall Fair property**. If your dog marks Fall Fair property, fair volunteers will be forced to growl, raise their hackles and mark on top. This would be embarrassing for many people and possibly for dogs. Another good reason why your pooch needs to be **on lead** and **under your watchful eye** at all times.
