

Quadra Island Fall Fair

Zucchini Race Rules

It's simple "soup up your zuke" for the Grand Prix Zucchini Race. No driver's license required. All ages are encouraged to participate.

Ribbons are awarded in each race to: the fastest Zucchini racer, the farthest Zucchini racer and the most creative designed Zucchini.

Rules:

1. The axle shaft must penetrate the zucchini. The zucchini cannot be strapped to an external carriage.
2. Zucchini can be any size, but maximum allowable wheel width from outside to outside must be no greater than 25 cm. Wheel diameters must be no greater than 10cm.
3. The racing is in heats: fastest cars from each heat will race off to decide the overall winner.
4. Fun must be had by all.
